## WHO ARE PROJECT ARMONIA?

We are a non-profit organisation acting in solidarity with displaced people to promote equal access to nutrition and education. For the past two years, we have operated a free restaurant that served over 1000 healthy and nutritious meals per day to displaced people on the hotspot island of Samos. We have worked with a diverse team of 29 different nationalities.

Now, we have a new exciting challenge ahead! We are currently setting up a new food project in Athens. We will open in Autumn 2022, serving warm, tasty, and nutritious meals. At a second stage, we will develop a food-centred educational and an employability project which aims to create a community in which we work together with displaced people towards their integration into Greek society.

- Availability to work 2 shifts per week (16h/w)
